

timer_captureCompareGet

```
graph LR; A[timer_captureCompareGet] --> B[register_read]
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The first box on the left is gray and contains the text 'timer_captureCompareGet'. A blue arrow points from this box to a second box on the right, which is white and contains the text 'register_read'. Both boxes have a thin black border.
